

Dear colleagues,

It gives me great pleasure as the President of the International Board to invite you to sit the prestigious board exams if you fulfil the criteria to make you legible.

Aesthetic of cosmetic surgery has been in existence for decades; however only recently true recognition of this discipline of overdue.

There is no formal accreditation in cosmetic surgery and this exam will help those of you who are interested in this discipline to endorse the knowledge and be able to practice with pride.

We encourage surgeons who are interested in cosmetic surgery to learn, attend courses and fulfil the intensive training required to be a truly recognised cosmetic surgeon. The board has been in existence for several years with renowned examiners with impeccable records and they all have been vetted to qualify to become examiners.

A huge organization is behind ensuring that the quality and application are well vetted it is an opportunity for the surgeons to be serious about the discipline this exam and certificate is not a licence to perform any cosmetic operation with out proper training. We encourage all fellows provided they are properly trained surgeons to join several programs of teachings workshops courses etc, prior to sitting this exam.

If you are interested in all the above please contact our office for further info:

Email: info@ibcsorg.com / Phone: +44 (0) 1223 208 268

Exams are being held twice a year in several locations internationally, offering the opportunity for every surgeon to take these exams.

Remember this is a non-profit organization with the aim entirely for education and placing cosmetic surgery as a discipline among all disciplines in the front where it belongs.

Anthony Erian
